Office of the Deputy Commissioner,

Tumkur District,

Dated, Tumkur, the 9th January 1924.

From

Deputy Commissioner, Tumkur District,

To

K. Chandy, Esquire., B.A.,

Revenue Commissioner in Mysore,

BANGALORE.

Sir,

I have the honour to note in the margin* an extract of the fortnightly diary of the Maddagiri Sub Division Officer re: the issue of tools to workmen, and to state that, as the Public Works Department has stopped the issue of tools to the works now going on, the people, particularly the Panchamas - who are generally the poorest class, are feeling considerable difficulty. Most people of this class do not own any tools of their own and are generally provided with necessary tools and implements by their employers, as they are not agriculturists. If they are to be compelled to provide themselves with tools etc. and to attend the works, it will practically exclude from work all such people as do not possess them or are incapable of purchasing them and I fear that these people are too poor to pay for these even in normal times, and much more so at present.

* The Engineering Department seems to have been instructed not to issue famine tools, for works now going on. If it is necessary to declare a famine before issuing these tools, the time had come for declaring it, at least in the Midigesi, Ittigedibbanahally, Kodigenahally and Baichapur areas.

2. I therefore request you to kindly obtain the necessary sanction for the issue of the tools to the Panchama and other poorest class who would otherwise be perfectly helpless. If this concession be not shown at least to Panchamas, I am afraid their condition will be serious.

3. As regards the information of the Kolar Executive Engineer that works are going on in that District without issue of

tools

tools etc., I learn that on all works the contractor has been allowed a profit of 25% on the estimated cost, so that he might make his own arrangements to secure the necessary tools to the workmen, while in this District task work is being insisted upon.
